hej hej, the unknown german u-boat wreck at 55:34,33N 10:49,63E (store bælt) seems really interesting to me!! Some numbers cited her: U-3032 (Slegvogt) 56:26,5 N 11:32,2 E was damaged east of Stabers Huk (Fehmarn!) U-2365 ... has been raised in 1956 for FRG U-2359 57:29 N 11:24 E lies in the Kattegat U-2338 ... has been raised in 1952 for DK U-2524 55:55 N 10:45 E lies east of Samsø (RAF lost thereby one beaufighter by flak) U-2367 ... has been raised in 1956 for FRG, BUT at

55:00 N 11:00 E she had a collision with unidentified German U-boat. The distance between german wreck an point of collision is ca. 60 km inside the Store Bælt. Are there any further news about the unknown wreck ("danish U-who") until now? mvh fra Hamburg Ulrich

U-2338 fulgtes med U 2359 og U-2365, som begge slap væk fra angrebet. U-2365 blev den 8/5 selvsænket nær U-534s position, nordøst for Anholt. U-2338, blev vragfisket i foråret 1952 af stenfisker fartøjet Kirsten Jensen, og der er idag så at sige intet tilbage på positionen. Mvh Flemming

Det er nok ikke U-2338, da den blev ophugget i 1952! Fra http://www.uboat.net/boats/u2338.htm U-2338 Type XXIII Laid down 10 Aug, 1944 Deutsche Werft AG, Hamburg Commissioned 9 Oct, 1944 Oblt. Hans-Dietrich Kaiser Commanders 10.44 - 05.45 Oblt. Hans-Dietrich Kaiser Career No patrols 9 Oct, 1944 - 4 May, 1945 32. Flottille (training) Successes No successes (never on combat patrol) Fate Sunk 4 May, 1945 east-north-east of Frederica, in position 55.34N, 09.49E, by British Beaufighter aircraft (Sqdns. 236 & 254). 12 dead and 1 survivor Raised in 1952 and broken up Men lost from U-boats Unlike many other U-boats, which during their service lost men due to accidents and various other causes, U-2338 did not suffer any casualties (we know of) until the time of her loss. The Conning Tower For each and every U-boat you can read a lot more on each boat. New information available includes: a) List of all patrols, b) Mediterranean patrol info, c) List of all ships hit by the U-boat. Read more about our members area here.
